- Victoria Stn to Piccadilly Stn signed route
- Piccadilly Stn to Victoria Stn signed route

Cycle Parking

There are 520 cycle parking places in the City Centre and 544 at the University of Manchester.

Spaces for more bikes will be installed during 2007 as well as cycle parking in district centres.

Most of the stands are the u-shape "Sheffield" type, which allow both wheels and frame to be locked and one bike parked each side.

The City Council also has a programme for installing cycle parking at libraries, sports centres and schools.

Cycle Security Matters: Don't Let Your Bike Be a Target.

- Always securely lock your bike when you leave it!
- Lock the frame and preferably both wheels to the stand using a security device such as a D-shaped shackle lock, see www.soldsecure.com for certified locks.
- Don't leave your bike in an isolated place and remove smaller parts such as lights and quick release saddles, see www.bikeoff.org for more handy tips on securing your bike.
- Consider security marking your bike. Record the detail and the bike serial number and take a photograph of your bike. You can register your number at www.immobilise.com a free national police registration database.
- Check if your house insurance already covers your bike when away from home, and also whether the total value of the bike is covered. If your bike is particularly valuable you may need to insure it separately. See www.bikeforall.net for recommended insurers.
- If your bike is stolen report it immediately! You can call Greater Manchester Police direct on **0161 872 5050** or drop into your local Police Station.
- If you suspect someone in your area is trading stolen bikes call Greater Manchester Crimestoppers confidentially on **0800 555 111** or contact Trading Standards on **0161 234 1555**
